Gear For E-bike

- Huge Ratio 360% / 260%
- Unlimited Clutch Technology
- Ultra Light

SPECIAL FEATURE

Exclusive E-bike
- Wide ratio and strong gearing system

2X & Full Shift assist (Unlimited clutch technology)
- Always Speed change is possible even in shifting under load (About two times better speed change performance than competitors)

Ultra light
- Minimized parts quantity (Weight is reduced by 500g, comparing with other brands)

Rotary shift system
- Fast speed change response time

Minimum gearing system
- Minimize contact with improve the gear efficiency

SPEC

Model	Infinia 360e	Infinia 260e
Ratio of range	360%	256%
1 speed	52.7%	62.5%
2 speed	72.5%	79.8%
3 speed	100%	100%
4 speed	137.9%	125.4%
5 speed	189.7%	160%
Shifting type	Rotary	
Over lock nut dim	135mm	
Available Shifter	Shimano, Microshift	
Shifter cable length	2,050mm (Standard)	
Shifting under load	O	
Sprocket teeth	18T	
Chain line	43mm	
Weight	≤ 1,480g	
Material	Aluminum	
Color	Black	
Brake type	Disc (Center-lock)	
Spoke hole	36H	
Axle length	191mm
