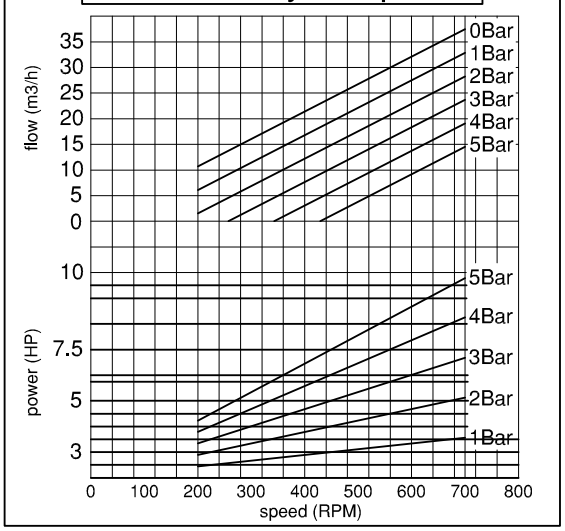
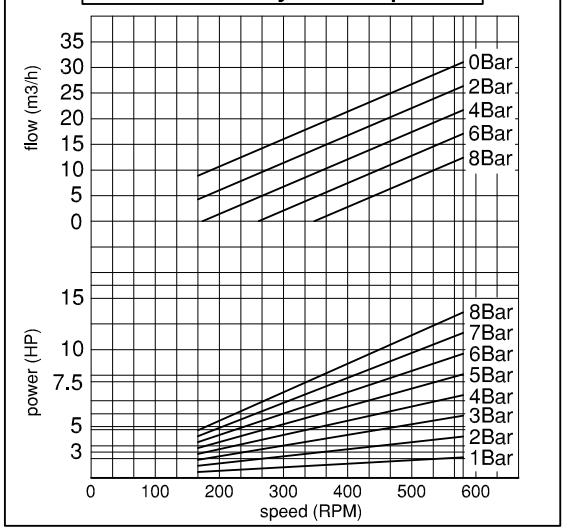
PERFORMANCE DATA

MODEL : DS-L100

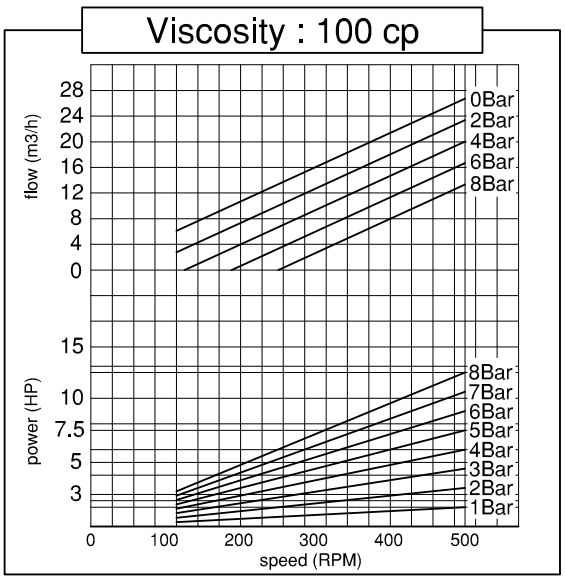
Viscosity : 1 cp



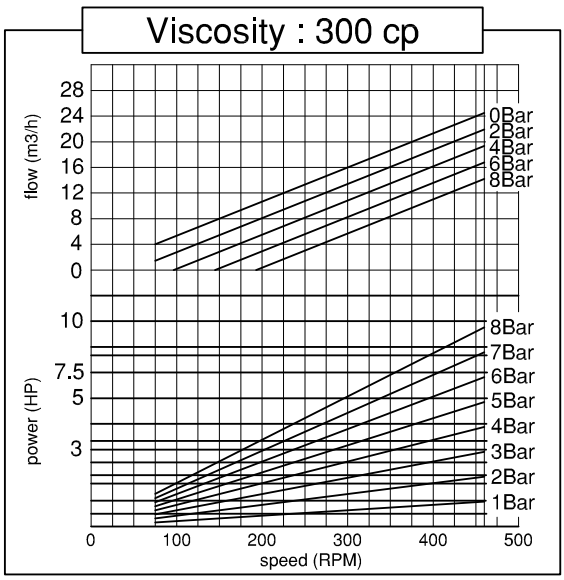
Viscosity : 30 cp



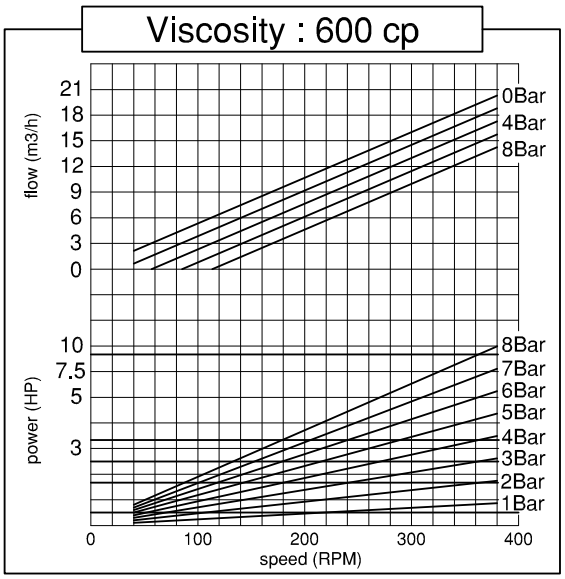
Viscosity : 100 cp



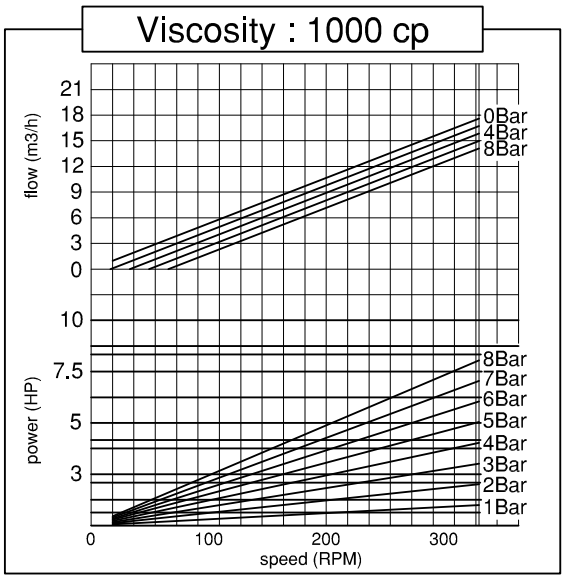
Viscosity : 300 cp



Viscosity : 600 cp



Viscosity : 1000 cp



This data is based on very tough application. You can look the maximum power rate.
And, when you selecting a pump, you must consider of kind conditions.
For example, 'Temperature','Suction Conditions','Characters of Liquid'..etc
